8) It is reported that no actor is being levied on sheep & goats in the Tuticorin, Tiruchendur, Srivaikundam, Kayal

Municipalities of this district therefore it cannot be said with any certainty that the octroi revenue would increase by accepting the proposal of reduction from two annas to six pies as resolved by the meeting

Reduction of octroi on sheep & goats in Madhupur Town Mkt from 0-2-0 to 0-0-6

Re Municipal Council Madhupur
dated the 17th March 1948, as called

38) Subjoined with reference to orders
in para 34 supra

Appx Pg 315-vv 38) The rate of octroi levied on
30/5 goats & sheep is at present two annas
per head in the Madhupur Town Mkt
The M'cl have resolved on 17 3 48
to reduce the rate to Six pies
per head This request is being made
for a very long time
40) The fact is that the levy
of six pies per head can at best only
be nominal. Instead of levying it,
the duty might as well be
abolished as the M'cl derives no
substantial income thereby On the

the town, Madhugiri, being a Town
Mill, should increase its
~~income~~ resources and find out
money for carrying out works of
permanent + public utility. It would not be right
to revise a tax which has been in
existence for a long time for no
obvious reason. If, however, it is
considered necessary to have the
revision of the Mill, it might
be examined whether the grants in
favour of centring the levy at the
existing rate are strong grounds
41) representations 34 supra

49) It has been the experience in
some place that the reduction
of duty in such cases brings in
more revenue to the municipalities
as then the owners bring their
sheep & goats to the markets
freely. If the levy is heavy enough

they evade to bring their stock within the municipal limits ~~but~~ and would prefer to dispose it of somewhere else

43) ~~Hence the~~ This is exactly the reason assigned in this case for suggesting the reduction of the duty. This is a very valid reason & the proposal may therefore be sanctioned

44) The argument advanced for reducing the present rate of annas two is not convincing, the municipality cannot anticipate more income than at present by reducing the levy of fee from two annas to six pies even if they expect double the number of sheep together on the other hand, they can collect some reasonable income with less number leaving margin for those that evade to bring their stock ~~to~~ ~~the~~ ~~nos~~ those who knows the trade and the benefit he derives from bringing his stock to a Shandy where there will be open competition for his stock will never evade or ~~be~~ mind to pay two annas fee ~~the~~ existing rate may be ~~retained~~ continued for present. Subject - Reduction of octroi duty on sheep and goats in Madhugiri Town Municipality

In forwarding herewith in original the connected records received from the President, Town Municipal Council, Madhugiri, on the above subject, I have the honour to state as follows -

The Octroi bye-laws of this Town Municipality were sanctioned in G O No 433/Ml 55-21-214 dated 11-12-1922 Accordingly the levy of octroi duty on sheep and goats has been fixed at two annas per head The Council being of opinion that the fall in income under this head is dueto the high rate of octroi as compared with other places in this District, have now resolved that the octroi duty may be reduced from two annas to six pies per head to improve collection under this head

I am not in favour of the resolution There is no justification for the reduction of octroi and the rate proposed is too low Moreover, I am of opinion that it is too much to expect that the octroi revenue would increase by reducing the rate from two annas to six pies as resolved on the other hand it would be more certain to reduce the revenue Hence the present rate of octroi may be continued

Sir,

Re Reduction of octroi duty on sheep and goats in Madhugiri Town Municipality
====

With reference to your letter No L 435/44 dated 19th July 1945 enquiring whether the levy of 0-2-0 per head of sheep and goats in the slaughter house is in addition to the octroi duty of 0-2-0 per head levied under bye-laws of the Madhugiri Town Municipality etc , I have the honor to forward, herewith, the file of correspondence ending with the letter No H C.161/43 dated 2-4-1946 from the President, Town Municipal Council, Madhugiri on the above subject and to state as follows -

The President, Town Municipal Council,Madhugiri states that a fee of 0-2-0 per head is being collected in the slaughter house by the contractor to whom this right of collection has been leased by the Municipality In addition to this a fee of 0-2-0 per head as octroi duty is collected at the toll gates He further states that the income of the Municipality under this head is much reduced due to heavy octroi duty and an increase in sheep trade is anticipated if the octroi duty is reduced to 0-0-6 per head as resolved by the Municipal Council

The present rate of octroi duty levied in Madhugiri Town Municipality is more than that levied in other sister Municipalities in this District, and the income derived under this head in Madhugiri Municipality is negligibe Two separate statements are herewith enclosed one showing the income dervied by the Municipal Council under this head and the other showing

showing the rates of octroi duty levied in other Municipalities in the District for your kind perusal In view of the low income of the Municipality under this head and the expectation of the Madhugiri Town Municipal Council that the sheep trade would increase and consequently the income under octroi will increase if it is reduced from 0-2-0 to 0-0-6 per head. I am of opinion that a trial may be given to the resolution of the Municipal Council and the result of trade in sheep watched.

In the circumstances, I recommend that sanction of Government may kindly be obtained to the reduction of octroi duty to 0-0-6 per head for one year tentatively

I have the honor to be,

Subject - Reduction of octroi on sheep and goats in Madhugiri Municipality

---

With reference to letter No A6 C 20/44-45 dated 6th March 1948 calling for a fresh resolution of the Municipal council for the reduction of octroi duty on sheep and goats from as 0-2-0 to pies 0-0-6, I have the honour to submit the resolution of the council in their special meeting held on 17 3 48 reiterating their opinion for reducing the octroi on sheep and goats

The Municipal council have been agitating for the reduction of this octroi for the last two years and more It is seen from the statistics of the octroi collection for a period of 5 years furnished to the Government long back that the collection is negligible on account of heavy fee of as 0-2-0 per head As there are many shandies nearby the town where there are no taxation at all for these two animals and very poor taxation in the surrounding municipalities People have been witholding to bring them to the town to avoid taxation While all other shandys round about are rich and flooded with sales, the shandy income of this town has been gradually ~~detiteorating~~ deteriorating

Considering all these aspects for the last two years, the Council unanimously passed a resolution to amend the bye-law to reduce the duty from as 0-2-0 to pies 0-0-6 per head

The Deputy Commissioner was pleased to scrutinise the matter in all its details and agreeing with the resolution of the Council has sent his recommendation for this reduction Now that a year has elapsed in correspondence and a fresh resolution was required by the Government the council have unanimously passed a resolution for the reduction of the octroi duty I may add here that the council have stillfelt the necessity of reducing the octroi duty as it has a primary advantage of improving the shandy by large collection of sheep and goats from all parts of the District

I have, therefore, the honour to request you to kindly recommend and obtain sanction of the Government for the amendment of the bye-law at the earliest convenience

Re Reduction of octroi duty on sheep and goats in Madhugiri Town Municipality

---

With reference to your memo No A6-C 20/44-45 dated 18th June 1948, calling for particulars as to the period fromwhich the octroi on sheep and goats was being levied and the rate prevailing eversince its sanction, I have the honour to state that the bye-law relating to the levy of octroi for sheep and goats was passed as long back as 1922 and the rate at 0-2-0 per head had been charged from the commencement of the bye-law The amount of octroi duty collected at the toll-gates for the last ten years is as follows -

1937-38	0-2-0
1938-39	1-2-0
1939-40	0-8-0
1940-41	0-0-0
1941-42	0-0-0
1942-43	15-6-0
1943-44	5-2-0
1944-45	3-10-0
1945-46	2-0-0
1946-47	2-0-0
1947-48	2-2-0
Total	32-0-0

A total sum of Rs 32/- has been received as octroi duty on sheep and goat for the last ten years As it is, this item is absolutely unremmuniritive and bears no proportion to the anticipated income by the improvement of the shandy after the octroi duty on sheep and goats is reduced from as 0-2-0 to ps 0-0-6 and bring it at par with the other shandies

As the question is pending from a long time and we are now at the threshold of the new official year, I have the honour to request you to obtain sanction of Government at an early date
